Please list previous research experience, pertinent employment history, and other special qualifications. A resume may be attached to the application if available. (Use another sheet if necessary.)

The LSI internship program is looking for a student: 1) with an interest in freshwater lotic research, 2) for whom a field research experience would play a pivotal role in choosing and successfully pursuing a career, 3) who do not have similar opportunities though their home institutions, and 4) that have the academic training and personal qualities needed to successfully complete a research program such as ours. With these criteria in mind, please explain your interest in freshwater lotic research, your current career plans and how participating in the LSI program could help you in your degree program and your future pursuits. Be as specific as possible. (Use another sheet if necessary.)

Please give the names, addresses, telephone numbers, and e-mail addresses of three references:

1. _____
2. _____
3. _____

How did you learn about the LSI program?
